

To: The Esteemed Derek and Entire Sub-committee:

From: Dr. Scott Emery, Sub-committee Chair

Date: 05/13/08

Re: A few agreed-upon additions to Derek's draft that was discussed 05/12/08

Referring to my 05/10/08 memorandum to all parties:

The paragraph I developed with the heading "Process and Timing (EPC Review/Comment process with Planning Commission)' was discussed. The first 3 sentences were approved unchanged. The last sentence was deleted and replaced by the following:

***The head of EPC's Wetlands Division should review EPC's obligations under the Comprehensive Planning Process. He/she should determine which obligations are beyond the mandates provided within the Wetlands Rule and which are outside the the technical expertise of the EPC Wetlands Staff. Following this, the Head of EPC's Wetlands Division should initiate a process to rectify those obligations which are outside of the mandates of the Wetlands Rule and/or outside of Staff expertise.***
