

## **TAG Sub Committees**

### **Mitigation**

This committee will cover many areas that will be contemplated in the staff's drafting of the Basis of Review document and Applicant's Handbook. Review agency's policy on Mitigation banking and determine the value of rule language that would encourage this avenue of mitigation. The Sub-Committee would develop a list of pros/cons and net environmental benefits in their banking strategy. To generate this, the Sub-Committee will develop appropriate guidance for: reasonable use, the EPC review process as it relates to mitigation, timeframes and deadlines, project prioritization and internal consistency.

#### **Mitigation Banking**

ROMA (Regional Off-site Mitigation Area)  
ERP habitat restoration exemptions  
SWIM  
ROMA  
Private Banks  
Critical and significant habitat  
    Farm land preservation  
    Ephemeral wetlands  
    Colonial water bird management

#### **Internal Mitigation Process**

Reasonable Use  
Timeframes  
Justification for Impact  
Bank vs. Onsite Mitigation
